

RRUU Time & Talents

We need the church to provide a sanctuary wherein we can feed our souls and deepen our spiritual lives. The church needs us to provide a solid and firm path for exploration, challenge and learning. It is through the interweaving of service to the church and personal growth from the church that we enhance our community. We all have needs and each of us is needed for our community to thrive. The time and talent database provides a link between the prophetic and the practical. Please check off all the things which spark interest and intrigue; things which you have experience doing and things you want to do. The more we give of our time and talents, the richer we all become.

Adult Programs

- Adult RE Team member
- Discussion Leader
- Chalice Group Leader
- Chalice Group Member

Audio Visual

- Sound Board Tech
- Video Tech
